

SKILL DEVELOPMENT CENTRE (www.grietsdc.tech)

1. INTRODUCTION:

Gokaraju Rangaraju Institute of Engineering and Technology (GRIET) is established in 1997 by Dr. G Gangaraju as a self-financed institute under the aegis of Gokaraju Rangaraju Educational Society. GRIET is approved by AICTE, New Delhi, permanently affiliated to and autonomous under JNTUH, Hyderabad. GRIET is committed to quality education and is known for its innovative teaching practices.

Engineering is one of the fastest growing and most exciting fields today, offering new college graduates significant earning potential, job stability, and plenty of personal satisfaction. There are many different jobs available for engineers. Not everyone can be an engineer, however, as the demands in terms of skills and knowledge are intense. There are several different branches of engineering, each with very distinct technical skill sets. Even within a given field, specific job requirements vary significantly between positions.

Today's major concern is that formal education does not provide suitable skills to make candidates employable. There is a huge requirement for skilled manpower.

2. GRIET SDC:

GRIET Skill Development Cell has been entrusted the responsibility to train students by providing them various courses, with objective for enhancing their Employment/ Self-Employment opportunities.

To meet its objectives GRIET Skill development Cell (SDC) is focussing on improvement of Skills of the students on various fronts. This is done by Inculcating Skill development programs among students from first year onwards. Anticipating, before they complete their graduation they will be ready with the necessary skills required by the industry.

GRIET Skill Development Cell (SDC) is tied up with various world renowned industrial giants like CISCO, IBM, DELL EMC, SERVICE NOW etc. GRIET have collaboration with TASK (a Telangana Academy for Skill and Knowledge) for industry specific training and skill development.

3. CISCO NET ACADEMY:

GRIET signed an MOU with CISCO Netacad for training students in various computer languages, operating system courses and network courses including the flagship CISCO CCNA course and other courses offered by CISCO netacad globally. The details of various CISCO courses are publicized in www.grietsdc.tech website.

4. METHODOLOGY:

CISCO courses are offered as self paced and instructor led. With minimum duration of one month to six months.

a) Self paced Courses: Time to time we publicize self paced online courses which are useful for student community. The students get registered and complete the course at their convenience with in the time frame. They can approach concern subject faculty for clarifications.

b). Instructor led courses: In case of instructor led courses the students have to follow the guidelines. They can't register themselves into these courses. Only the instructor can register. The time line is decided by the instructor and the examinations are proctored.

c). Course materials and evaluation: Once the student gets registered and gets login account, he/she can access the course contents and other resources including the course material, simulation tools etc. Examination content and evaluation is done by CISCO netacad. After successful completion, certificate are mailed to the learners email address by CISCO netacad.

4. COURSE ANNOUNCEMENT:

This is an announcement to the students of GRIET that, we are conducting a CCNA (CISCO CERTIFICATE NETWORK ASSOCIATE) certification program in association with Cisco Networking Academy. Course details are given below.

Course code: GR19CSM202
 Course Name: Routing & Switching Protocols
 Course Duration : 35 Hours.
 Course Fee : Rs.500/-
 Course type: Instructor led
 Commencement on : 18.06.19
 Location : CSE Block
 Prerequisites: CCNA Module 1.
 Examination: Online. (Theory and Lab).
 Registration URL: www.grietsdc.tech.
 Last date for registration:27.06.19

For any queries contact:

Instructor & SPOC : Dr. G.S.Bapi Raju,
 Professor, Dept. of CSE
 Mob : 9491607789
 Email : gsbapiraju@gmail.com.

Other CISCO Courses available:

CCNA R&S: Introduction to Networks
CCNA R&S: Routing and Switching
Essentials
CCNA R&S: Scaling Networks
CCNA R&S: Connecting Networks
CCNA R&S 6.0 Bridging

Networking Essentials

Introduction to the Internet of Everything
Introduction to IoT

IoT Fundamentals: Connecting Things
IoT Fundamentals: Big Data & Analytics
IoT Fundamentals: Hackathon Playbook

Entrepreneurship

Introduction to Cybersecurity
Cybersecurity Essentials
CCNA Cybersecurity Operations

Get Connected
Be Your Own Boss
Packet Tracer Know How
1: Packet Tracer 101
Introduction to Packet Tracer
Introduction to Packet Tracer - Mobile

Mobility Fundamentals

Community: Smart Grid Essentials
Community: Empowerment Technologies

Partner: NDG Linux Unhatched
Partner: NDG Linux Essentials
Partner: NDG Linux I
Partner: NDG Linux II

Languages:

Partner: CPP
- Advanced Programming in C++
Partner: CLP
- Advanced Programming in C
Partner: CPA
- Programming Essentials in C++
Partner: CLA
- Programming Essentials in C

Partner: PCAP
- Programming Essentials in Python.
